

Year 5 & 6

Level 3 Find and label the places George visited. For 3 of the places George visited write a short paragraph from George's perspective explaining what he saw/heard/felt in the area/place, what other activities he might have done in the area and any other relevant/important information. (See the example given – you may have to use another sheet of paper)

William Gilbert Rees was the founder of Queenstown and his statue stands on the lakefront. I found Queenstown was very cold and it snowed but the scenery was magnificent, all those mountains and the large lake. While I was in Queenstown I took part in some adventurous activities - I thought I might die on the Shotover jet!
